

ROLLS BATTERY MANUFACTURER WARRANTY & AUTHORIZED DISTRIBUTION

Since 1959, Rolls-branded premium deep cycle batteries have been manufactured in Canada and shipped around the world. Backed by an industry-leading comprehensive manufacturer warranty, we're confident that our high-quality batteries will deliver reliable capacity and long-lasting cycle life.

Warranty coverage applies to all Rolls Battery product sold via authorized distributors and dealers, beginning at the time of purchase and/or documented date placed in service.

Where applicable, Rolls Technical Support and Customer Service teams will coordinate to repair or replace product deemed defective due to manufacturing as outlined in the warranty terms.

A completed warranty claim form and supporting documentation must be filed directly with Rolls Battery Technical Support team for warranty consideration.

Claims may be submitted via support ticket at www.rollsbattery.com or Rolls Technical Support Desk (<http://support.rollsbattery.com>) or by email support@rollsbattery.com

NOTE: Upon warranty approval, replacement product should be sourced via the authorized distributor or dealer where the original purchase was made.

In addition to warranty inquiries, Rolls Battery Technical Support team will work with distributors, dealers and customers to provide assistance with product setup, ongoing care & troubleshooting.
