

PARTS LIST PER PACKAGE		
NUMBER	QTY	DESCRIPTION
1	1	ROLLS S48-100LFP ESS
2	2	RACK EARS
3	4	STACKING BRACKET
4	24	M4x8mm BOLT
5	4	M8x12mm BOLT

OPTION 1: RACK ASSEMBLY

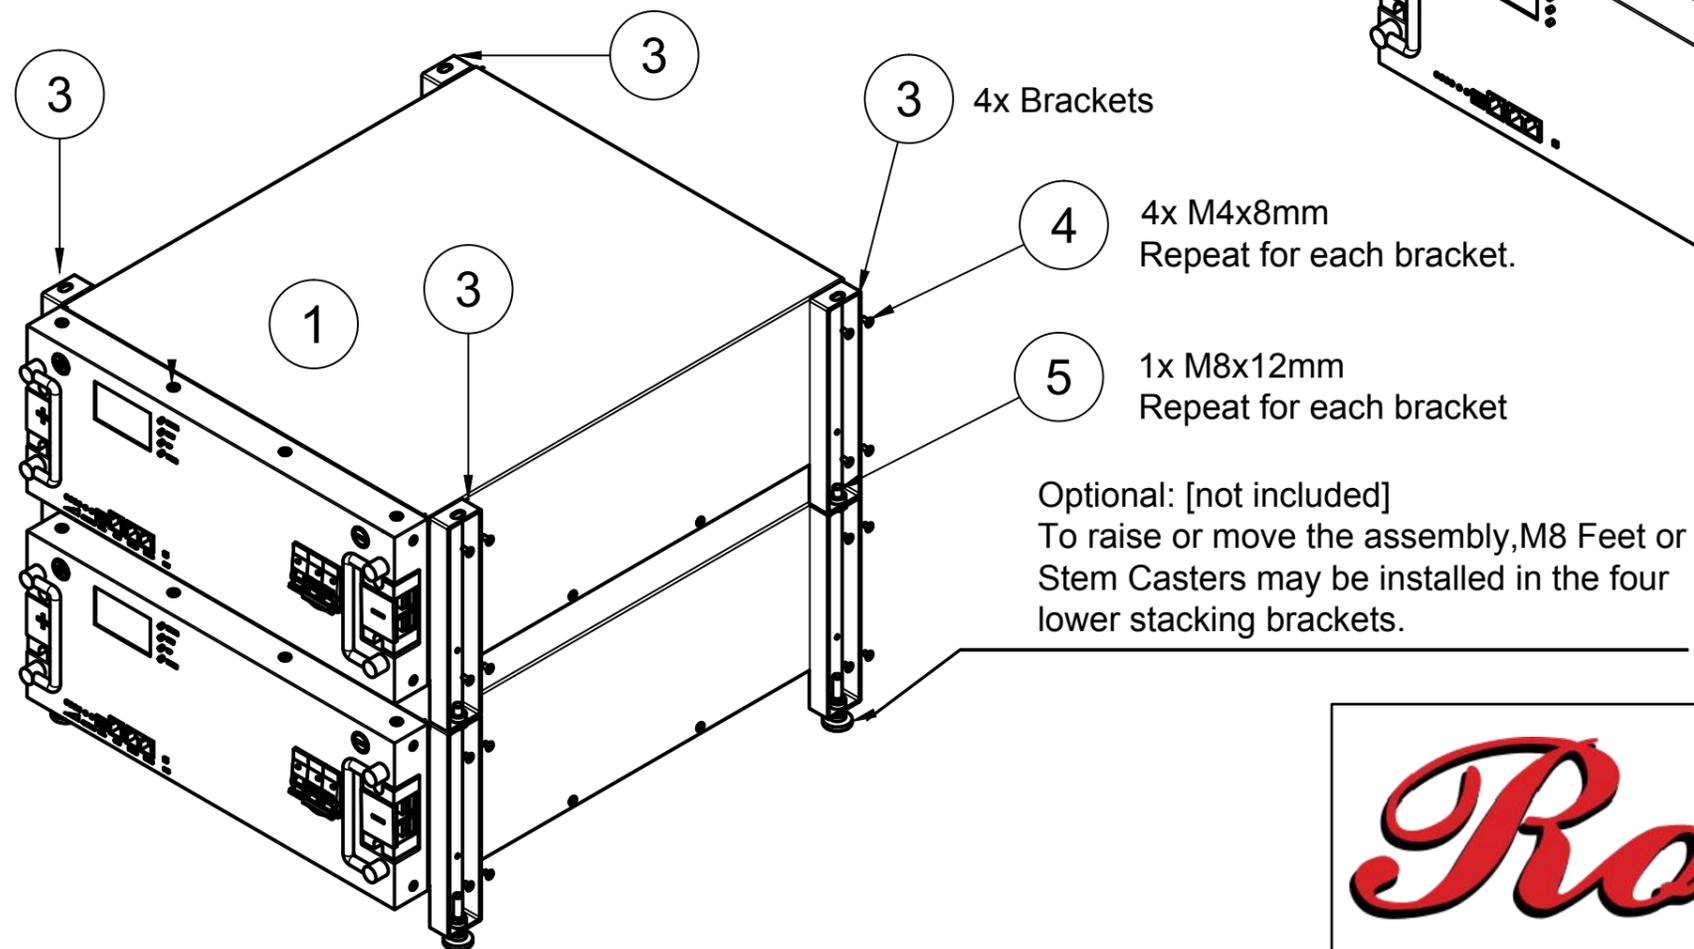

Rack Ears [2] are supplied with each S48-100LFP ESS unit for installation, with support trays, in the Rolls ESS Cabinet. Alternatively, S48-100LFP ESS units may be mounted in a standard 19" racking system by installing the two Rack Ears on the front of each unit, in combination with additional rear supports.

NOTE: When rack-mounting, it is imperative to also support the rear of each unit with a rack shelf, additional rack ears, or other mounting solution.[not included]

OPTION 2: STACK ASSEMBLY

To assemble without a Rolls ESS Cabinet or standard 19" racking system, S48-100LFP ESS units may be stacked using the four supplied stacking brackets [4]. Mount the stacking brackets on the four corners of each unit as shown.
